

EU RED Compliance (2022/2380)

GN Hearing A/S (GNH) is committed to ensuring that our products comply with all relevant national regulations, and therefore we hereby declare that all Jabra and BlueParrott branded products will comply with the EU Radio Equipment Directive as amended by Directive (EU) 2022/2380. This includes:

- Implementation of USB-C charging interface on relevant product groups
- Updated labeling to indicate whether a charger is included with the product
- Updated labeling to indicate the charger requirements for the product.

The current list of products covered by the above is shown in the annex together with the relevant labeling information.

Note. The updated requirements apply to products first placed on the EU market from 28/12-2024. It does not apply to products already in circulation on this date, meaning that products already in distribution or with retailers within EU on this date are not subject to the requirements.

Signed Ballerup, 2024-11-29 on behalf of GN Hearing A/S by:

A handwritten signature in blue ink, appearing to read "Steen Kaiser".
